RECLASS/

A USERSCRIPT

for tagging names and batch-transfer

PLEASE

- USE only with Google Chrome
- ENSURE that you test extensively with non-important names first
- You can tag names and transfer only the tagged names first
- Be sure that you copy the complete address from Bob without errors
- Never share your SECRET with anyone
- Please reload the whole userscript between each batch
- Allow 2 to 14 days for the transfer to complete
